(Miami Beach, Florida) ***Vanity is Fair*** is a celebration of the attributes of modern day femininity. This exhibition explores the feminine practice of beautifying oneself through the use of make-up, products on the market and recontextualises their use by making them into tools to create artwork.

Ten artists have been invited to create a work that use objects commonly associated with femininity; objects such as make-up, nails, hairclips, enamels, jewelry, earrings, hair bands, wax, soaps, perfumes, compacts... the list is endless. The artists then use these objects in a way that transforms their original intention of beautifying - to an artwork with an alternative meaning and idea.

Participating ArtCenter/South Florida Artists-in-Residence: Lazaro Amaral, Adriana Carvahlo, Ena Marrero, Elsa Carolina Munoz, Kristen Thiele and David Z.
